

The „Refugee Movement Bus Tour“ comes to Kiel!

The Bus-Tour of self-organized refugee-activists and supporters from Berlin (from Oranienplatz-protest and the occupied Ohlauer-school) stops **in Kiel on 21st of April**. With the Bus-Tour through whole Germany the activists are protesting against the German asylum-policy and are informing people about the German government`s plans for new – even stricter – asylum law in Germany.

We, activists from the „antiracist network [kiel]“, want to connect with refugees, groups and other interested people in kiel, exchange ideas and consider together what we can do together against the new asylum laws, against lagers and against deportations. On Tuesday the activists will give us information about the planned tightening of the asylum laws, afterwards there is space for exchanging ideas. We invite you to join and discuss with us!

FREEDOM OF MOVEMENT IS EVERYBODIES RIGHT!
